

Adding value all along the Front Range of Colorado.

Welcome

to PMI's Mile Hi Chapter!

Our Membership Committee welcomes you!

In addition to a comprehensive New Member package outlining the benefits of membership in the Mile Hi Chapter, our Ambassadors welcome you personally to chapter meetings and help you get connected with other members. For more information, please contact Stacey Plimmer, Director of New Members at dirnewmembership@pmimilehi.org

Member retention. Our level of member retention is excellent, and we attribute that in part to the fact that we are continually striving to hear the voice of the membership. For example, we conduct an annual survey which results in new initiatives targeted to meet the changing needs of members. For additional information, please contact Sheri Gutierrez, Director of Member Retention at memberretention@pmimilehi.org

Volunteer opportunities.

The Mile Hi Chapter is known throughout PMI for its outstanding number of members who volunteer their time and skills in creating

new programs and improving existing ones for the benefit of the chapter and its members.

If you are ambitious, dedicated, and willing to contribute, we encourage you to join our volunteer teams.

Professional Mentoring Program A new initiative from the Mile Hi Chapter, our mentoring program premiered in 2008 with openings for 15 mentors and 15 protégés. A one year program, each person receives 10 PDUs upon completion. Mentors receive paid membership dues for one year. For more information, key dates and applications for this groundbreaking new program, contact Chuck Voyles, professionalmentor@pmimilehi.org

Registered Company Coordinator (RCC). It's a new opportunity to act as your organization's voice, bringing ideas and sharing experiences to the chapter on behalf of your organization. RCCs will be awarded 5 PDUs at the end of the one-year volunteering term. If you are interested in volunteering as an RCC for your company and willing to meet the RCC Expectations, contact Margit Tritt or Vishwas Kulkarni, Director of Corporate Relations at correlations@pmimilehi.org

The Mile Hi Chapter is the 10th largest PMI component worldwide with approximately 3,000 members.

Benefits of volunteering.

You will have the opportunity to:

- Meet project managers in the local area
- Learn new project management skills
- Enhance your professional skills (writing, presentation, leadership, etc.)

- Network
- Stay connected with the chapter
- Share your passion for project management
- Earn Professional Development Units (PDUs)
- Help people in your community
- Have a great time
- Make a positive difference

Whatever your interests or strengths, PMI's Mile Hi Chapter encourages you to become actively involved.

Volunteer commitments range from short-term (several hours a month) to long-term positions such as team leads or directors.
